

DAVID R. COLE

Senior Penetration Tester

d.cole@hackermail.com | +1 (555) 777-8888 | Austin, TX

PROFESSIONAL SUMMARY

Offensive security professional and Certified Ethical Hacker with extensive experience in red teaming, web application penetration testing, and network exploitation. Passionate about uncovering zero-day vulnerabilities and fortifying enterprise defenses through rigorous adversarial simulation.

EXPERIENCE

Red Team Lead

2021 - Present

BreachPoint Consulting

- Execute stealthy, full-scope red team engagements against Fortune 500 clients to test physical and digital security controls.
- Discovered and responsibly disclosed critical RCE vulnerabilities in three major enterprise software platforms.
- Develop custom malware payloads and C2 infrastructure to bypass EDR solutions.

Penetration Tester

2018 - 2021

SecurIT Audits

- Performed OWASP Top 10 web application assessments for e-commerce and banking applications.
- Utilized Burp Suite, Metasploit, and custom Python scripts to exploit logic flaws and misconfigurations.
