

JAMES O'CONNOR

Full Stack Developer

james.o@devmail.com | +1 (555) 222-3333 | Seattle, WA

PROFESSIONAL SUMMARY

Versatile Full Stack Developer with 6 years of experience building scalable web applications. Proficient in both frontend user experience design and robust backend architecture, specializing in the MERN stack and cloud deployments.

EXPERIENCE

Senior Software Engineer

2020 - Present

CloudScape Solutions

- Spearheaded the migration of a legacy monolithic application to a React/Node.js microservices architecture.
- Improved application load time by 40% through lazy loading, caching strategies, and database indexing.
- Mentored junior developers and conducted rigorous code reviews to ensure maintainability and security.

Web Developer

2017 - 2020

Creative Agency Inc.

- Developed responsive, interactive single-page applications (SPAs) for 15+ diverse clients using Vue.js and Express.
- Integrated third-party APIs including Stripe for payments and Twilio for SMS notifications.
