

ANITA PATEL

Cloud Solutions Architect

anita.p@cloudmail.com | +1 (555) 444-5555 | Chicago, IL

PROFESSIONAL SUMMARY

Certified Cloud Architect with deep expertise in designing and implementing fault-tolerant, scalable, and highly available cloud infrastructures. Proven leader in migrating enterprise workloads to AWS and Azure while optimizing costs and security.

EXPERIENCE

Lead Cloud Architect

2019 - Present

Enterprise Systems LLC

- Designed a multi-region active-active cloud architecture for a Tier 1 financial application, achieving 99.999% uptime.
- Reduced monthly cloud expenditure by \$45,000 through rightsizing, reserved instances, and automated lifecycle policies.
- Automated infrastructure provisioning using Terraform and AWS CloudFormation.

Cloud Migration Engineer

2015 - 2019

Tech Transitions

- Executed lift-and-shift and refactoring strategies for migrating 200+ on-premise servers to AWS.
- Implemented robust IAM policies and network segmentation using VPCs and Security Groups.

EDUCATION

M.S. in Information Technology

Illinois Institute of Technology

TECHNICAL & PROFESSIONAL SKILLS

AWS (EC2, S3, RDS, Lambda), Azure, Terraform, Ansible, Docker, System Architecture, Cost Optimization
