

LIAM MURPHY

DevOps Engineer

liam.murphy@devops.net | +1 (555) 666-7777 | Denver, CO

PROFESSIONAL SUMMARY

Automation-obsessed DevOps Engineer dedicated to streamlining software delivery pipelines. Expert in fostering a culture of continuous integration/continuous deployment (CI/CD), infrastructure as code (IaC), and comprehensive system monitoring.

EXPERIENCE

Senior DevOps Engineer

2020 - Present

AgileSoft

- Built and maintained robust CI/CD pipelines using GitLab CI, reducing average deployment time from 2 hours to 15 minutes.
- Managed Kubernetes clusters supporting 50+ microservices in production.
- Implemented observability stacks using Prometheus and Grafana for proactive alerting.

Systems Administrator

2016 - 2020

DataHub Networks

- Automated routine server maintenance and configuration using Ansible playbooks.
- Maintained 99.9% uptime for Linux-based web and database servers.

EDUCATION

B.S. in Computer Networks

Colorado State University
